

## CERTIFICATE OF COMPLIANCE CALIFORNIA PROPOSITION 65

This is to certify that products supplied by Components Express, Inc. are compliant as of April 5, 2021, and meet the requirements of the current **California Proposition 65**.

California in 1986 created Proposition 65. This initiative is known as the Safe Drinking Water and Toxic Enforcement Act. This proposition is controlled by The Office of Environmental Health Hazard Assessment (OEHHA), which is part of the California Environmental Protection Agency (CalEPA). This law is to increase public awareness about the adverse effects of exposures to listed chemicals known to cause cancer or birth defects or other reproductive harm.

Components Express, Inc. in doing business monitors for any of these chemicals and does not knowingly and intentionally expose anyone to a chemical known to the state of California to cause cancer or reproductive toxicity.

An official list of these substances is published and periodically updated by OEHHA.  
The list can be accessed at: <https://oehha.ca.gov/proposition-65/proposition-65-list>

The California Proposition 65 is ever changing and should not be assumed as final.
