

GREEN POLICY

Environmental Policy

A core value of the Components Express, Inc. is to respect our communities and the environment in which we operate. We believe that strong environmental standards are consistent with high quality manufacturing and contribute to cost efficient business operations. Management has developed and adopted the following Environmental Policy. Specifically, it is the Company's policy to:

1. Comply with all applicable environmental laws and other regulatory requirements;
2. Strive to reduce pollution and minimize waste;
3. Develop and insure effective implementation of environmental management programs to assure waste minimization and reduction of pollution to the extent reasonably feasible;
4. Continually improve our environmental performance, including areas not specifically subject to regulation;
5. Recycle materials; such as paper, plastics, metals, etc.
6. Disposal of Hazardous materials in accordance to local and federal regulations;
7. Provide training for employees to insure that all facility activities are conducted in a safe and environmentally sound manner.
