

PATCH PANEL MODEL PF 20215

8 PORT T1 PATCH PANEL

Description:

The T1 Patch Panel, P/N: 20215, has 8 RJ45 ports on the front which are interfaced with 32 Telco compatible wire wrap pins on the back. The T1 panel interfaces Cisco® ATM network modules NM-8T1-IMA & NM-4T1-IMA. The 8 Port T1 is compatible with T1 applications, including DEMARK extensions.

Dimensions:

Height:1.73"
Width:19.00"
Depth:2.52"
1RU (rack unit)

Benefits:

- Simple wire wrap termination
- PCB construction
- Economical
- Occupies only 1RU (rack unit)

Specifications:

- P/N: PF 20215
- Patented: #6,302,742 B1
- 0.250 Pitch wire wrap pins
- EIA-310-D Compliant

Accessories:

- T1 cables
Custom lengths available
- Telco cables
Custom lengths available
- 23" Mounting bracket (optional)
P/N: PF 20209
